Prevention of Novel Coronavirus Pneumonia – Recommendation to Require Presentation of “Macao Health Code” for Admission to Public Areas

This guideline shall be executed by relevant individuals and public/private entities under the supervision of their supervisory entities. Under article 3 (Obligation to cooperate) of Law no. 2/2004 – “Law on the Prevention, Control and Treatment of Infectious Diseases”, to achieve the target of prevention, control and treatment of infectious diseases, individuals and public/private entities are obligated to closely cooperate with their supervisory entities, and comply with the orders and guidelines issued by their supervisory entities according to the law. This guideline is without prejudice to any more concrete or stringent orders/guidelines set out by relevant supervisory entities in light of the actual circumstances.

(I) Purpose

Although symptoms of most COVID-19 cases are mild, these patients are still contagious and may spread the disease easily in enclosed public areas. The measure to require presentation of “Macao Health Code” for admission into public areas can help reduce persons with COVID-19-like symptoms who are at higher risk of infection moving about in public areas, thus lowering the risk of transmission of the infectious disease.

(II) “Macao Health Code” presentation requirements in different settings

2.1 Premises where “Macao Health Code” must be presented:

- 2.1.1 Casinos;
- 2.1.2 Hotels and guesthouses;
- 2.1.3 Immigration buildings;
- 2.1.4 Medical institutions;
- 2.1.5 Food and beverages premises, restaurants and bars providing dine-in services;
- 2.1.6 Karaoke bars, nightclubs;
- 2.1.7 Saunas, massage parlours, health clubs;
- 2.1.8 Hair salons and barber shops, fitness centres, beauty salons;
- 2.1.9 Amusement game centres, bowling centres, billiard rooms, cyber cafes, cinemas / theatres;
- 2.1.10 Museums, exhibition galleries, libraries;
- 2.1.11 Sports centres, swimming pools;
- 2.1.12 Government departments and agencies;
- 2.1.13 Shopping malls;
- 2.1.14 Offices, service stations or stores where long staying times (20 minutes) are

expected.

- 2.2 The following premises should decide, in the light of their own conditions, whether or not to require persons entering the premises to present “Macao Health Code”:
- 2.2.1 Wet markets, major supermarkets;
 - 2.2.2 Integrated commercial buildings (If the “Macao Health Code” presentation measure is already enforced at the building entrance, it does not need to be repeated in respective premises therein).
- 2.3 Premises where presentation of “Macao Health Code” might not be necessary:
For small-scale retail premises with low patronage, e.g. small supermarkets, convenient stores, where customers tend to stay shortly, it is not necessary to require persons entering the premises to present a “Macao Health Code”.

(III) Presentation method

- 3.1 Presented by members of the public: Complete the required information on the “Macao Health Code” system, which is accessible on the mobile app of the Health Bureau, to generate the “Macao Health Code”. Prior to entering a premises, present on mobile the “Macao Health Code” **which is generated on that day**, or a paper of advance-printed “Macao Health Code” **which is generated on that day**; *OR*
- 3.2 Generated by premises: Provide unrecorded electronic devices for individuals who do not have a mobile phone with them to declare health condition and generate a “Macao Health Code”; *OR*
- 3.3 In case the above methods are not applicable, the premises may inquire the persons intending to enter the premises with advance-prepared health questions.

(IV) Management of Individuals with Macao Health Code in Red or Yellow Colour

- 4.1 Individuals with a red code: Denied admission into the premises.
- 4.2 Individuals with a yellow code:
- 4.2.1 Customers / service users of the premises with a yellow code: Such persons should be denied entry into the premises. If such service is urgently needed and entry is deemed necessary, the premises should adopt appropriate anti-epidemic measures,

ensure such customers / service users leave the premises right after the completion of the service in order to minimize contacts between the yellow code holders and others, and enhance cleaning and disinfection.

- 4.2.2 Staff of the premises with a yellow code: Relevant staff should submit a certificate of attendance record and a proof of negative SARS-CoV-2 test issued after onset of disease; person-in-charge of the premises decides whether or not to allow entry of such staff.
